## eSOne InQuiry Resizable Columns in Workflow Release Notes

## What's New?

DeliverHealth is pleased to announce updates to the grids in InQuery Workflow folders, allowing columns to be resized and column headers to remain on-screen.

### Resizable Columns

Columns in the workflow folders can be manually resized. Place the cursor at the column border in the title row, left click, and drag the mouse left or right until the desired width is reached. All columns, except Actions, can be resized. When the grid reaches the maximum width that can be displayed in the window, a horizontal scroll bar will appear at the bottom of the grid.

The screenshot displays the InQuery Workflow interface. At the top, there are several workflow folders: Dictations (1404), Marked For Re... (47), Review 2 (47), Preliminary (222), Referral (99), Final (443), and Final 2 (446). Below the folders is a search bar with 'Filter Results' and 'Advanced Filters' options. A 'Bulk Actions' dropdown is visible on the left. The main area shows a data grid with the following columns: Actions, Transcription ID, Patient ID, Clinician, Comment Tags, Comment, and Document Type. The grid contains several rows of data, including transcription records with various tags and comments.

Actions	Transcription ID	Patient ID	Clinician	Comment Tags	Comment	Document Type
<input type="checkbox"/> View Transcription	46139		tardigrade m. admin, SUF	Missing ADT		11Doc11
<input type="checkbox"/> View Transcription	48016	89876790	admin m. admin M.D.	Comment Tag 2		Letter
<input type="checkbox"/> View Transcription	39524	56478765	00000 00000	Blank [Fields], Failing Fax Number, Unknown CC	Unknown phrase at 3:04 in dictation. CC cannot be found based on name given.	Letter
<input type="checkbox"/> View Transcription	48021	89876790	admin m. admin M.D.	Blank [Fields], Comment Tag 2, Unknown CC		Letter
<input type="checkbox"/> View Transcription	46730	PT00012	Nagendra Baliga			888
<input type="checkbox"/> View Transcription	46607	PAT001	Nagendra Baliga			445
<input type="checkbox"/> View Transcription	46605	PAT001	Nagendra Baliga			888
<input type="checkbox"/> View Transcription	46606		Nagendra Baliga			11Doc11

Grid configurations, including column widths, are stored separately for each workflow folder in cookies and are preserved when reordering columns, removing, and re-adding columns. Given cookies are enabled, these settings will also be saved between sessions.

## Vertical Scroll

If the number of results displayed per page is increased enough to require a vertical scroll to see all records, the top portion of the workflow folder will remain frozen in place. This allows easy navigation between folders and always leaves the column headers visible.

## Minimum Application Requirements

- Operating system: Windows 10
- Web Browser: Chrome, Edge, Firefox
- RAM: 1 GB or higher
- Processor: 1 GHz or faster (32 or 64-bit Architecture)
- Hard Drive Free Space: 1 GB or higher
